Dear Anthony:

Thank you so much for the program that you presented for our retiree fellowship group at Sardis on Tuesday, November 21. The intertwining of stories, humor and song was delightful and very well received by our group. Thank you, also, for including some "audience participation" pieces, it was great to see our group up on their feet and I don't think anyone there will ever, again, be able to hear the song "Rockin' Robin" without a broad smile coming across their faces.

Thank you for your fine program. Thank you, also, for your passion and commitment in your work as an advocate for older adults.

Best wishes always.

Sincerely,

The Rev. Dr. Jane Brawley Fobel  
Parish Associate for Older Adult Ministry
